

**Hook: Alien
landing in school**

**EYFS Reception Spring 1
Zoom to the Moon!**
**Key question: Which planet do we live
on?**

**Celebration: Rocket
'launch' on the field**

Key Vocabulary: astronaut, Earth, orbit,
gravity, asteroid, planet

**Our School Values:
Be kind, Aim high, Stay safe**

**Content:
What will we
learn?**

What planet do we live
on?
What can I see on a
map/globe?
What other countries are
there in the world?
What does the earth look
like from space?
What is an explorer?
What do explorers do?
What other planets are in
space?
What is an invention?
What figures and events
happened in the past -
famous astronauts.

**Compassion:
When can we
learn
compassion?**

Learn about how to look
after the planet.
Special places - where is
a place that is special to
you? Does everyone
have to have the same
special place?
What are special places
for Christians and
Muslims? - Introduction
to churches and mosques

**Community:
Where are the
links to our local
area?**

Learn about the Solar
System trail walk in
York.

Litter picking around
Osbalwick.

**Creativity:
How will we
show our
understanding?**

Role play
Discussion
Writing
Drawing and mark
making
Expressive Art &
Design
Investigation &
showing curiosity

**Coherence:
How does this
link to other
learning?**

Prior learning: How
do people get to
space?

Future learning:
How do things in
space move? How
does day turn to
night?

Areas of learning: All Prime and Specific Areas of Learning
